

Location: Stansted Airport, London

Client: Urban & Civic

Architect: Leach Rhodes Walker

Consultant: Caldwell

Completion: June 2017

Value: £30m

The luxury Hampton by Hilton Hotel at Stansted Airport, London expands over 8,670m² and with 357 rooms spread over seven storeys, it is the largest in the world out of the 2,100 hotels owned by the chain. The hotel offers guests services and amenities such as a free hot breakfast, as well as complimentary Wi-Fi, Work Zone with internet and printing facilities and a 24/7 fitness centre. Additionally spectacular runway views are on offer in addition to two meeting rooms. Directly connected to the Stansted terminal building, the development is part of client Urban&Civic's commitment to deliver high quality commercial and residential places and significant investment in the London – Stansted – Cambridge corridor. Michael Nugent Ltd provided a full mechanical and electrical services installation for this prestigious hotel development at Stansted.
